NO. 241—EIGHTY-FIRST YEAR VICTORIA, BRITISH COLUMBIA, SATURDAY, SEPTEMBER 23, 1939 SIXTEEN PAGES

ALLIES HAVE UPPER HAND OF SUBMARINE MENACE TO SHIPPING

Survey of First Three Weeks of War Shows Great Britain and France Mastering Dreaded Under-sea Craft—Experts Claim U-Boat Not as Effective as in the Last Great War

LONDON, Sept. 22 (CP).—The Royal Navy has defeated Germany's first U-boat campaign, and is building and equipping the most powerful submarine-hunting fleet the world has ever seen.

The fleet will sweep submarines from trade routes, just as German merchant shipping has been cleared from the seas, naval authorities here expect. They emphasize Germany's first attack has been held for comparatively few losses.

When war was declared three weeks ago British merchant vessels were scattered all over the world, while German submarines had been posted at focal points in anticipation of hostilities.

Slowly, however, the convoy system was placed in effect. It is now operating for all outward-bound vessels. Until inward-bound vessels are included it will not be complete.

LOSSES RELATIVELY SMALL

Despite this initial handicap the British navy has held losses to one-half the tonnage and one-third the numbers of April, 1917, the peak month of the German underwater menace in the first Great War.

On the other hand, the British offensive against the U-boat has been more continuous and intense, and definitely more effective, than in 1917.

New methods of detection and hunting were developed in the peace years. Not only that, but these implements of destruction for U-boats have been distributed to far more ships, and naval personnel is far more familiar with them, than in 1917. Such progress has been made that while it used to take a flotilla of destroyers to hunt a flotilla of U-boats, today two ships can do it.

SECURITY VEILS MUTINY REPORT

Polish Liner at Yonkers—Say Crew Removed After Trouble Aboard

YONKERS, N.Y., Sept. 22 (AP).—The Great War hero-captain of the Polish liner Batory and 200 crew members were removed from the vessel by Yonkers police, who were told the crew "mutinied" against an order to sail the ship to Canada for war service.

The full story of the "mutiny" and the orders which reportedly prompted it were shrouded in official secrecy.

Police Captain Henry B. Murphy said he boarded the liner and removed part of the crew at request of the Polish Consul-General, Dr. Sylwester Gruska. Murphy said Captain Eustachy Borowski, decorated twelve times by four Governments for bravery in the last war, reported the mutiny, saying many of the crew refused to sail.

RELIEVED OF POST

Relieved of his command, he was replaced by First Officer Franciszek Sudzinski.

Murphy added he was told the Batory, homeless since Germany seized the Polish port of Gdynia, had been "taken over" by the British Admiralty.

Both the British and Polish consuls in New York refused to discuss the matter in detail.

The Polish vice-consul, Jan Scaghiu, asserted there had been no disorder aboard the ship and, despite the report by police, said no police had boarded her. He termed the crew's action "a little sit-down strike."

FOREIGN CORPS BEING REMOVED

Diplomats and Envoys From Poland Are Now in East Prussia

KOENIGSBERG, East Prussia, Germany, Sept. 22 (AP).—The German Foreign Office worked tonight to arrange transportation home for about 1,200 foreigners brought here from shell-torn Warsaw by automobile or special train. German officials said 178 of the refugees were members of the foreign diplomatic or consular corps.

When the army broadcast an appeal early this week to Warsaw's defenders for a "bloodless" surrender, the only reply from within the city was a request for the safe removal of foreigners.

CONFER WITH ARMY

The army command said the foreigners were instructed to send a representative to the Praga-Radzyn Road to negotiate for their safe conduct.

Swedish Charge d'Affaires Gaffstrom was chosen as the representative, inasmuch as Sweden assumed Poland's interests in Germany at the outbreak of war.

Fifty Swedes comprised the first group of refugees to go to the designated street crossing northeast of Warsaw on Thursday and eight Americans were next. Others to leave included the Italian chief of mission and five military attaches, almost the entire Japanese Embassy. The Netherlands charge d'affaires, Swiss, Greeks, Danes and Norwegians.

KING GOES TO WINDSOR

LONDON, Sept. 22 (CP).—The King left London tonight, for the first time since the beginning of the war, to spend the week-end at Windsor Castle.

DEFENDERS OF WARSAW HAILED AS HEROES AS RESISTANCE STIFFENS

CERNAUTI, Rumania, Sept. 23 (Saturday), (CP-Havas).—Warsaw's defenders early today claimed to have crushed another German infantry attack after weathering renewed heavy artillery and aerial bombardments, which caused many civilian casualties.

Three times the Nazi airmen roared over the capital yesterday, the Warsaw broadcaster said, demolishing buildings after building with high explosive bombs. At least 700 persons were killed. Many explosives hit hospitals packed with injured.

Two German airplanes were brought down by Polish anti-aircraft batteries as the fighting raged around the besieged capital. The broadcaster added that many German prisoners were captured during fighting yesterday.

Man With Shotgun Has Best Weapon For This "Attack"

LONDON, Sept. 22 (CP).—War today brought death to a flock of wild ducks. An observation post attendant "somewhere in Kent" saw a huge flight of "enemy aircraft" in "V" formation. He sounded the alarm. Men rushed out, manned guns and rangefinders. But a sagacious sergeant-major seized a shotgun and brought down several birds, which the boys ate.

SEE WARSHIP SINK U-BOAT

Battle of Death Watched By Americans Aboard Freighter at Sea

HOBOKEN, N.J., Sept. 22 (AP).—Americans arriving on the American cargo-liner Steel Mariner today told of a death fight between a British destroyer and a German submarine just off the British coast, which ended, they said, in the U-boat's being sunk with loss of its entire crew.

Captain Frederick Pickering, the freighter's master, said that the submarine, apparently unable to submerge, had been disguised as a fishing boat.

During the afternoon of September 11, shortly after the Steel Mariner sailed from Avonmouth, England, the captain said that he sighted a "strange looking craft going across the bow."

"One of my officers said it looked like a submarine in disguise. You could see the periscope."

Then those on the freighter saw smoke on the horizon, and identified it as coming from a British destroyer. Flashes of gunfire followed as the Steel Mariner's passengers and officers watched the battle through glasses.

"The fight lasted for ten minutes. The destroyer sank the U-boat. And that was that," the captain said. The Steel Mariner brought forty-four American citizens from war zones.

SHIPS COLLIDE ON WEST COAST

Lochmonar and Pacific Grove Damaged Yesterday in Dense Fog

Colliding in a dense fog off the Washington Coast yesterday, the British motorships Lochmonar and Pacific Grove sustained undisclosed damages; but both vessels were able to proceed on their respective courses, the former continuing southward and the latter heading for Esquimaux, where she was due to arrive during the night for dry-docking and survey this morning.

Shortly after the mishap occurred the Pacific Grove wireless she was taking water in her number two hold. The message was picked up by British Columbia land stations and United States Coast Guard headquarters, which dispatched the cutter Redwing from Port Angeles to the assistance of the ships.

The Pacific Grove later wireless that she was proceeding towards Victoria, when Henry King, of King Brothers, local agents for the Furrow Line, States the vessel, arranged for the Pacific Salvage Company's vessel Salvage King to steam down the Strait of Juan de Fuca and render assistance to the ship if necessary. The Salvage King left the harbor at 4 p.m.

The Pacific Grove is of 7,117 gross tons and 4,290 net tons. She was built at Kiel, Germany, in 1928. The Royal Mail Line Ma. Lochmonar is of 9,412 gross and 5,813 net tons, and was built at Belfast in 1924. Both are combined freight and passenger liners.

COAL-LADEN SHIP SUNK OFF NORWAY

Crew of British Freighter Rescued By Norwegian Warship After German Attack

BERGEN, Norway, Sept. 22 (AP).—A submarine sank the coal-laden British freighter Arkleide today, ten miles off the Norwegian Coast in the North Sea.

Inhabitants of the Hsio Islands, watching through binoculars, witnessed the torpedoing of the 2,694-ton ship, whose crew of twenty-five escaped in lifeboats and were rescued by a Norwegian warship.

"Prior to the sinking of the Arkleide, the ship was loaded with coal, and was bound for London," said a local official. "The ship was hit by a German submarine, and the crew was rescued by the Norwegian warship."

CANADIAN KILLED

TELLURIDE, Colo., Sept. 22 (AP).—The body of Fred L. Sullivan, thirty, of Cobalt, Ont., and a captain in the Canadian Militia Reserve, was found today in the wreckage of his automobile after it had hurtled more than 300 feet down a mountainside.

GOING TO LONDON

STOCKHOLM, Sept. 22 (CP-Havas).—The widow and two daughters of the late Marshal Joseph Pilsudski, Poland's military hero, landed at the airport here today. They fled from Poland into Lithuania two days ago, and are understood to be on their way to London.

DEFENDERS OF WARSAW

Major Stefan Starzynski, who received thanks for telegrams received from the mayors of Paris, London and Brussels voicing admiration for defence of the Polish capital.

WIDESPREAD HAVOC

"The spirit of Warsaw, which is eliciting the admiration of the populations of Paris, London and Brussels, will live forever," he said. "Although it does not permit us to shut our eyes to the devastation and the suffering of the city, it gives us the strength to continue the fight."

USED TOY PISTOL

DODGE CITY, Kas., Sept. 22 (AP).—Dodge City, once a rough-and-ready, two-gun town of the cattle trail days, had its first bank robbery today, staged at the point of a toy pistol. Five minutes later, Police Chief E. M. Olson arrested Kirby, thirty-nine, a farmer, in a stolen car, and recovered all the loot, \$1,071.

Temporary Boundaries Give Soviet Three-Fifths Of Nation—Conference Coming—Germany Issues New Ration Cards as Preparation for Long War—Red Troops Relieve Nazis

BERLIN, Sept. 22 (CP).—Germany forwarded her plans in Poland today with announcement of an agreement whereby Soviet Russia took approximately three-fifths of the war-scarred nation as the zone of occupation for her troops, leaving two-fifths for Nazi soldiers.

At home, Germany furthered preparations for a long war on the Western Front by issuing new rationing cards which will go into effect on Monday, replacing general cards issued at the start of hostilities.

It was pointed out that the demarcation line in Poland did not necessarily mark the future boundaries which still are the subject of diplomatic negotiations in Moscow.

GREAT BRITAIN'S WAR EFFORTS MEETING WITH BROAD SUCCESS

Supreme War Council in Complete Agreement On Course to Be Followed—Royal Air Force Has First Victory On Western Front—All Able-Bodied to Be Employed Soon

No Elections to Be Held by Agreement Between Parties

LONDON, Sept. 22 (CP).—Great Britain heard momentous news tonight, as the third week of her war with Germany neared its close. These were the developments:

1. The Supreme War Council of Great Britain and France met in England and announced "complete agreement" on the course to be followed. It was indicated co-ordinating and perfecting arrangements for munitions and supplies occupied a major part of the meeting.
 2. The Ministry of Information told newsmen that Britain had the first German submarine attack licked with comparatively few losses herself.
 3. Sir Samuel Hoare, Lord Privy Seal, in a national broadcast suggested the time was coming when none would be unemployed.
 4. Over the air waves from France came a statement by Jean Giraudoux, French General Commissioner of Information, that Germany suffered loss of 150,000 killed, wounded or prisoners in the Polish campaign, with 400 to 600 airplanes destroyed and 600 to 700 pilots killed. Germany is at a strong disadvantage as compared with the last war, the French spokesman declared.
 5. The Press Association announced the principal political parties had agreed there would be no British Parliamentary or municipal elections while the war continues.
 6. The first victory for the Royal Air Force on the Western Front was announced in a Government communique. It was the first official indication British planes on the Western Front have been active in other than reconnaissance operations.
- The communique issued on the Supreme War Council meeting indicated its importance. Premier Daladier flew to London from Paris for the session, accompanied by General Gustave Gamelin, commander-in-chief of the French defence forces; Admiral Jean Darlan, chief of naval staff, and Raoul Dautry, Armaments Minister. They conferred with Prime Minister Chamberlain, Foreign Secretary Viscount Halifax and Lord Chatfield, Defence Co-ordination Minister.
- Sir Samuel Hoare asked employers to cease discharging their help on the ground "too many workers already have been dismissed." He urged: "Get them back. You will want many of them again before the war is much older."
- The Lord Privy Seal cautioned the people to be economical and warned that Sir John Simon's war budget next week would make them so. However, he emphasized economy did not mean refusing to buy anything or seeking to dodge bills already owed.

War Leaders Gathered in Sussex Town

PARIS, Sept. 22 (CP-Havas).—Today's meeting of the Allied Supreme War Council took place in a town somewhere in Sussex, England, French sources revealed tonight.

The morning and afternoon sessions of leaders of two great empires were held in a small room adjoining the meeting hall of the town council. After it was over, the British and French leaders slipped quietly back to London, and Premier Daladier and his aides flew to Paris.

IS APPOINTED TO JAPAN'S CABINET

Admiral Nomura, Former Naval Attaché, Made Minister of Foreign Affairs

TOKIO, Sept. 22 (CP-Havas).—Admiral Kichisaburo Nomura, former Japanese naval attaché in Washington, today was appointed Minister of Foreign Affairs.

The appointment was announced by Premier Nobuyuki Abe. Some quarters saw the appointment as indicative of a new Japanese effort to improve relations with United States.

Since August 30, Premier Abe has handled the foreign affairs portfolio himself. The previous incumbent was Hachiro Arita.

Admiral Nomura, sixty-two, now retired from the navy, was for many years stationed in Germany and Austria.

SOUTHERN HEAT IS CONTINUOUS

Toll of Death and Prostrations in Californian Cities Mounts

LOS ANGELES, Sept. 22 (AP).—Southern California's unprecedented heat wave was not broken, but it was slightly bent today when temperatures began dropping after reaching the day's peak at noon.

The mercury passed the 100 mark at Los Angeles for the sixth successive day, but its high point of 103.2 at noon, was short of yesterday's 106 and Wednesday's 107.2.

The heat continued its toll of prostrations, with sixty-seven deaths more or less directly attributable to the high temperatures in Los Angeles and vicinity.

Major Offensive on Western Front May Start at Any Time

PARIS, Sept. 22 (AP).—A major offensive appeared imminent on the Western Front tonight. It apparently was uncertain, however, whether it would be the Allies or Germans to strike the first blow.

All political signs pointed to the Allies, military advisers seemed to indicate it would be the Germans who would take the initiative.

In the most dramatic developments since the war started, Premier Daladier with General Maurice Gamelin, Commander-in-Chief of the French Army, Admiral Jean Darlan, Chief of the French Navy Staff, and Raoul Dautry, Armaments Minister, flew to England for two conferences of the Allied Supreme War Council on production of arms and ammunition.

The fact that a communique issued at Daladier's office after he returned from the meeting, concerned co-ordinated French and

MANY DEAD AFTER EARTHQUAKE AT SMYRNA

First Shock Yesterday Causes Heavy Damage—Athens Reports Second Upheaval Today

ATHENS, Greece, Sept. 22 (Saturday) (AP).—Strong earth shocks of ten seconds' duration, apparently centring in the Gulf of Smyrna, were recorded by the Athens Observatory at 2:37 a.m. today (7:37 p.m. E.S.T. Friday).

The island of Mytilene was rocked severely, and several houses collapsed, but no loss of life was reported. The earthquake was felt as far as Western Thrace.

A heavy toll of lives and property was taken by another quake yesterday at Smyrna, reports received here said.

The Pergame, Kocchili and Foccha districts were said to be the hardest hit, with more than two-thirds of the number of buildings there destroyed.

Ontario Collects Many Millions of Succession Duty

Treasury Department Secured More Than \$10,000,000 From Closed Estates After Investigation of Under-Payments—No Prosecutions For Fraud, Premier Tells House

TORONTO, Sept. 22 (C).—Premier Mitchell Hepburn gave the Ontario Legislature today a detailed report on how his Treasury Department collected additional succession duty of more than \$10,000,000 from thirty estates.

Dates of the investigations into the reopened estates, and details on when the payments were made to the Government were not given, but it was believed that they extended over a period of four or five years, since the Government began an intensive probe of estates where underpayment of succession duty was suspected.

Tabled in the House were records describing investigations into estates of such prominent persons as J. R. Booth, Ottawa lumber merchant, and Sir John Edgar, Toronto department store owner. Booth died in 1925, Sir John in 1922.

ENORMOUS ESTATES
The tabled report showed \$5,855,421 in succession duty was paid to Ontario on estates of two unnamed members of the family of J. R. Booth, and that, after investigation by the Treasury recently, an additional \$3,000,000 was paid. The amount originally paid on the Sir John Edgar estate was \$6,388,386. An additional \$542,666 was collected.

Largest clean-up collection made was in the estate of Wallace Nesbitt, Toronto lawyer who, for a short time, was Justice of the Supreme Court of Canada. The Government collected \$1,549,252 from the estate, which was closed out shortly after Nesbitt's death in 1930 on payment of \$472,547.

From the Spencer estates of London, Ont., made up of oil business millions, the Government collected \$660,000 long after they had been closed on payment of \$212,191.

EATON MILLIONS
The report on the Eaton estate stated that Sir John himself was in no way concerned with an attempt to defraud the Government of succession duty payments. The attempts were allegedly made while Sir John was in a state of coma during the last two weeks of his life.

During this period, certain business associates, acting under a general power of attorney executed many years before, "given with the apparent intention of enabling his extensive affairs to be conducted during his frequent absences," purchased succession duty-free bonds to an amount exceeding \$1,600,000, the report stated.

As for the Nesbitt estate, the report said that the former Supreme Court Justice formed a personal holding company "which was a blind."

SESSION CLOSES
TORONTO, Sept. 22 (C).—A special session of the Ontario Legislature was prorogued early tonight after Lieutenant-Governor Albert Matthews gave Royal assent to eleven wartime measures and a new Succession Duty Act giving the Government wide powers to reopen for investigation estates where fraud is suspected.

Before the four-day session ended, Premier Mitchell Hepburn tabled a report of the Treasury's investigation into thirty estates from which additional succession duty was collected after one payment was made and the estate were considered closed.

Eleven of the twelve bills passed were designed to pave the way for Ontario's active part in prosecuting

To commemorate the centenary of the birth of Frances Willard, founder of the Woman's Christian Temperance Union, the W.C.T.U. of British Columbia at its fifty-sixth annual convention here this week, planted a red oak in the

war against Germany. All were approved without opposition.

But in the end the Legislature had its only debate on the Succession Duty Act, strenuously opposed by the Conservative leader, Lieutenant-Colonel George A. Drew.

NO PROSECUTIONS
Colonel Drew questioned the Premier as to why, if all were treated alike, those found guilty of fraud in the estates had not been prosecuted. In failing to prosecute them, he said, the Premier himself had "compounded a felony."

"Why weren't these millionaires prosecuted for fraud? You excuse the millionaires and yet, like a little Hitler, had some relief people arrested before they could get out of your own office."

Mr. Hepburn said that in the succession duty prosecution, he and his advisers believed that "in the case of men who loved money so much" the stiff penalties provided under the act were more suitable punishment in their cases, and every dollar had been exacted instead of sending the accused to jail "to live on the prison wall."

As to the relief arrest, he said that only one man, a former Government employee, who had been discharged because of theft and then had become "a leader of the Red element in this province," was arrested, having appeared in a delegation before the Premier.

General Rumel, one of the Polish commanders in the Kutno area, succeeded in withdrawing an infantry and cavalry contingent under his command to Warsaw, strengthening the forces there.

General Rumel was immediately made commander of the Warsaw defence forces, succeeding General Valerian Czuma, who was wounded during a German artillery bombardment.

REACH FRONTIER
VERECZKE, Hungary (At the Polish frontier), Sept. 22 (A).—Russian troops reached the Hungarian frontier at sunset today on the heels of a flood of Polish military and civilian refugees who turned border areas into a new chaos of suffering and misery.

It was estimated 80,000 Polish soldiers and civilians have found sanctuary on Hungarian soil.

Meanwhile, the Warsaw radio station broadcast Poland's capital still was holding out against the Germans as the third week of its siege began.

The invading Soviet troops took up positions along nearly ninety miles of the Hungarian frontier.

Developments in the refugee scenes included:

B.C. House Ready For Storms, With Air-Raid Shelter

BRITISH Columbia House, London, is ready for any wartime eventualities, it was reported here yesterday by Victorians returning from the United Kingdom. The Provincial headquarters in Great Britain are sandbagged inside and outside, up to the second floor. On the second floor a gasproof and shellproof shelter has been erected, while in the basement there are concrete vaults, and a privately-owned well of good drinking water. totaling 15,000 men at Korosmezo; reports that 120,000 Polish refugees, including many Jews, were trapped at the corner of the Rumanian-Hungarian frontier where they were denied entrance into Rumania, with 75,000 now surging toward Hungary; a Polish bombing plane landing near Korosmezo, with two of the crew dead from fighting off German pursuit ships.

TROOPS CHEERFUL
Polish troops retreating into Hungary through this village were cheered by news the Warsaw radio was functioning.

The soldiers explained they fled because they were unable as small groups to inflict any damage either physical or moral on the enemy.

"War is not settled by quick victories—death is better than the loss of liberty," the Warsaw broadcaster declared.

Dramatically, the radio voice told the besieged city how its citizens were responsible for restoration of Poland's pride as a nation and proof to the world that the Poles could fight.

Soldiers reported a broken section of the Polish army still was holding out valiantly west of Lwow, although it was being gradually cut to pieces through land and air attacks. Officers told how this group, encircled on three sides by Germans, were unable to retreat eastward because of Soviet forces, and were still clinging grimly to shallow hastily-dug defences in hilly forest country.

Micislav Borecki, a Polish priest, told how Ukrainian bands touched off a mine under a bridge at Kamionka, thirty miles northwest of Lwow, and 145 refugees were crossing the span. He said only thirty-five survived the explosion, while eleven heavily-loaded buses crashed into the wreckage and mass of twisted bodies.

SOVIET MOPS UP
MOSCOW, Sept. 22 (C.P.Havas).—Soviet troops in Poland tonight were cleaning up behind the lines after a rapid advance to the edge of German-occupied territory.

In capturing Wilno (Vilna) Wednesday the Red Army took 3,000 prisoners, including 600 officers, according to a communiqué here.

Ninety locomotives, one armored train, five airplanes, gasoline reservoirs and powder stores were seized.

All the Wilno police were arrested, as well as officials from Warsaw and other cities who apparently were headed toward Lithuania.

The Soviet forces now occupy Wilno, Grodno, Brest-Litovsk, Kovno, Lwow and Stanislawow, and have occupied the entire Polish-Rumanian frontier as well as points on the Lithuanian borders.

A Soviet fleet steaming up the Danube to take part in West Ukrainian operations, occupied Tourov without resistance.

Deutsche Dienst, commentary news service, claimed that the rationing regulations were not to be taken as indicating "acute emergency," but as a step of responsible State leadership, learned from mistakes of the Great War.

Weekly rations for the average person looked something like this: 5.3 pounds of bread or 4.1 pounds of bread and 1.31 ounces of flour, 1.1 pounds of meat; 2.8 ounces of butter; 4.37 ounces of margarine; 2.27 ounces of lard or bacon or tallow; 2.18 ounces of cheese or 4.37 ounces of whey cheese; 3.5 ounces of marmalade; 8.75 ounces of sugar.

Nazis said that they hoped Germany would be able to proceed by the efforts of Premier Mussolini to organize a neutral bloc in Southeast-

ern Europe to promote Italian trade. They believed that Fascist success could keep supplies flowing to Germany while Hitler strove to keep supplies coming in from the Scandinavian countries and The Netherlands and Belgium.

Diplomatic circles here considered the arrangement highly favorable to Moscow. Berlin, they said, was making every concession to the Russians to release troops now in Poland for service on the Western Front.

SALVATION ARMY LEADER IS DEAD
Commissioner John McMillan, Chief of Staff, Passes After Long Illness

LONDON, Sept. 22 (C.P.).—Commissioner John McMillan, chief of staff of the Salvation Army, died today after long illness.

The commissioner, who was sixty-six, had fifty years' service with the Salvation Army, having worked in Canada, Australia, Great Britain and the United States.

For a long time it had been expected Commissioner McMillan might be the successor to General Evangeline Booth when she retires next month. But his long illness precluded the possibility of his being a candidate, and Commissioner George Carpenter was chosen last month.

BRITAIN'S EFFORTS MEETING SUCCESS
Continued from Page 1

He spoke quietly about the spirit of Britain in these words:

"Faced together with great issues of life and death, we gather as one family. We forget party quarrels and class divisions. We forget even personal dislikes and long-standing prejudices. We once again find we are one great family."

"And when behind it all is the Magnificent line of faith in the great moral virtues, of faith held by Christians, Jews, Moslems, Hindus and Buddhists in an unique alliance of world believers such as never before known in history, you and I can then face with steadfast fortitude and cheerful confidence the dark night and vexations of war, air raids, partings—for we know that we shall win, and we are certain that we shall see the triumph of faith over the brute force of the new Paganism."

again. An alarm was sounded tonight at the northern industrial city of Lille, but the "all clear" signal was given a half-hour later without Nazi planes appearing.

A High Command communiqué tonight said it was a calm day "on the entire front."

"Our sea forces continue to assure efficiently the protection of our convoys and to pursue the enemy submarines," it added.

Both Allied and German forces were reported to be moving up big guns south and east of Saarbrücken, German industrial city, and apparently the immediate goal of French army penetration into the German Saarland.

French infantry patrols felt their way cautiously through the hills south and east of Saarbrücken and reported they encountered no enemy resistance.

Quick sallies against German blockhouses in the suburbs of Saarbrücken from a bridgehead across the Saar River were reported to have provoked no German reaction.

TROUBLE IN THE BALKANS

Sooner or later, and often preceding an embargo in Europe, there is trouble in the Balkans. This time it is later in the year than the season that the Nijmegen of Rudyard Kipling's tale invariably predicted. With the war only three weeks old, Rumania's Prime Minister has been assassinated, and speedy revenge has been executed on his suspected killers. The happening may have been an act of murder on the part of isolated Nazi sympathizers, or one designed to give Germany a pretext for exercising her armed might against Rumania. It has led to military law in that State. King Carol and his Government appear determined to stamp out pro-Nazi sympathizers who interfere with the country's neutrality in the war.

It is not so long ago that the Rumanian Government had Codreanu, the late leader of Rumania's Fascist "Iron Guard," killed while trying to escape from the country. The Rumanians are deeply suspicious of German intentions, and will now be more so than ever. Those who recognize the character of King Carol believe that he will fight if attacked; he has the reputation of a man who is not averse to living dangerously, and he has a flair for adventure. At present Germany is not receiving expected supplies from Rumania and may be engineering motives to give a pretext for enforcement of their delivery. What is certain is that the assassination of Premier Armand Calinescu has started a train of events in the Balkans, the end of which cannot be foreseen.

RESTRICTIONS ON RECRUITING

The Government at Ottawa has placed restrictions on recruiting for the defence services which are tantamount to interference with the workings of the conscience of the individual. It has put a bar on enlistment of graduates of Canadian or other universities or colleges in the medical, engineering or other scientific or technical professions. An Ottawa dispatch says that there is the same bar on enlistment for ex-cadets of the Royal Military College and ex-cadets of other proper certificates from the Canadian Officers' Training Corps, bankers and chartered and other accountants. Others exempted from enlistment in the services, through a process by which they will not be accepted, include certain classes of workers regarded as necessary in the production of munitions and other industrial supplies. It is provided, too, that in cases where heads of factories or other industries feel that the key members of their staffs have been taken by the military authorities unnecessarily, (or the naval or air authorities), they should communicate at once with the recruiting officer in charge of the unit in which their men have been placed. This language wants elucidation, as the recruiting officer may not be in charge of the unit for which he is recruiting, in fact very seldom is. There is further provision, however, for an appeal by a factory head to local army, navy or air authorities.

The foregoing provisions, imposing restrictions on the character of recruits, may lead to many complications; they might make a mess of the enlistment process. It is true a certain proportion of skilled men will be accepted for jobs that require skill. The idea of the Government and finance will continue to function smoothly, but this may not happen if the conscience of thousands rebels against what amounts to regimentation. It is the experience of the ages that no man's place in any business or industry may not be filled by someone else; in other words, there is no individual indispensable to his job. Voluntary enlistment is a matter of patriotism dictated by conscience. The Government is attempting to impose far too many limitations on those who may and who may not offer their services on the front where the war will be won.

THE ALTERNATIVE

In free countries the newspaper press usually presents a pretty accurate picture of what the people are doing and thinking. Journalists can hardly confine themselves to the task of reflecting public opinion. More is required of them. The public expects them not only to print the news of the day but to provide, as well, intelligent and helpful comment thereupon. Much of the history of a community, both what it does and what it thinks, can be reconstructed from the files of old newspapers.

The Weekly Edition of The Times, London, of the 30th of August possesses an especial interest in that it presents a striking picture of the heart of the Empire at a moment when one side or other of a delicate and trembling balance was about to be depressed for good or ill. The Times editorial page contains nine editorial articles, of which seven are devoted to the international situation, one to the amicable settlement of an important labor dispute, and one to a legal decision relating to a writ of habeas corpus.

If the future historian of the war into which we have entered should consult the columns of The Times he will find in these articles, written on the eve of the war, that the United Kingdom and the Empire were united in a determination to preserve peace if possible, but if that could not be achieved then to meet force with force; that never in British history have the people been more firmly of one mind upon a comparable issue than they are today; that while the emergency is great and the Government must be entrusted with very extensive powers indeed, the tradition of democracy will remain and Parliament will not lose its ultimate authority. The same historian will learn that the defection of Russia from the peace front had no effect on British determination, that it has simply shattered the pretence that German Nazism was to be the bulwark of civilization against Bolshevism, that the German diplomats when they announced the Moscow-Berlin

understanding revealed the character and quality of their moral standards by expressing the belief that as Great Britain had suffered this grave diplomatic defeat she would hardly care now to carry out her obligation to Poland. He will also learn that the man who threatened Poland in 1939 said in 1936 that it was unreasonable, because impossible, simply to wish to deny so great a State as Poland access to the sea.

The Times, writing about habeas corpus, aptly remarks that the matter has a wide interest at the present time, and improves the occasion by setting down some important facts concerning the famous writ, whose full title is "Habeas Corpus ad Subiendum." Those who imagine that it only dates from the Habeas Corpus Act of Charles the Second are in error. The habeas corpus writ was in common use throughout the Middle Ages. Its foundation can be seen in Magna Carta. The Act in Charles II's reign merely regulated the machinery for its use. Such things are of chief interest to students of law rather than to the laity. In these stirring times, however, it is well to remind ourselves that freedom from arbitrary arrest is one of the blessings of free peoples whose ancestors won and preserved it for them, and that in the present critical juncture in world affairs the question at issue is whether the free peoples are to continue to enjoy these blessings or to enter upon a regime of leaden tyranny, under subservient courts, political judges, a strictly controlled press, and a general regimentation of every department of life.

THE MONROE DOCTRINE

On two occasions within the past year, President Roosevelt has made public statements which are interpreted as an addendum to the Monroe Doctrine. Both were to the effect that the United States would not stand idly by if the national interests of Canada were threatened by a foreign Power. The viewpoint expressed has attracted a good deal of attention. It is like the Monroe Doctrine, not a written policy of the United States, but merely the attitude of the Chief Executive in giving voice to what he believes would be his country's determination to withstand any attempt by any foreign Power to change the political status of this Dominion.

Mr. James Monroe was the fifth President of the United States. In 1823, in a message to Congress, he promulgated what has since become known as the Monroe Doctrine. This utterance embodied the principle "in which the rights and interests of the United States are involved," namely, that "the American continents . . . are henceforth not to be considered as subjects for future colonization by any European Power." He made it clear, however, that, "with the existing colonies or dependencies of any European Power (in these continents) we have not interfered and shall not interfere; but with the governments who have declared their independence and maintained it, and whose independence we have acknowledged, we could not view any interposition for the purpose of oppressing them, or controlling in any other manner their destiny, by any European Power, in any other light than as a manifestation of an unfriendly disposition towards the United States."

President Roosevelt has, so far as Canada is concerned, gone farther than did President Monroe. He has said that his country will not stand idly by if Canada is attacked. In other words, should he secure the support of Congress for that statement of policy, the United States would intervene in a military sense to prevent anything in the nature of an invasion of this Dominion. That is the implication of the Monroe Doctrine. Mr. Roosevelt has been more outright than his predecessor in office.

From England comes the story of an importing firm located in Mark Lane, London, which, for the present, has closed down its office because the directors and staff of the company have all joined His Majesty's Forces. For that firm the supreme business of the time supersedes business as usual.

Note and Comment

By SANDHAM GRAVES

Spirit wins wars. Yesterday, in Victoria, sympathy for the Poles was so strong that it would have been easier to sail one hundred men to be dropped by parachute into Warsaw and there to die in defence of an abstract principle, than it was to find the same number to patrol pipelines 7,000 miles from the scene of active combat. And well, perhaps, for the defence of the realm, that it should be so. From London, meanwhile, came reports that the members of the staff of British Columbia House have weighed their chances in an air raid. Calmly, the staff surveyed the cellar, reasonably safe from demolition bombs, and the second story, where they would be relatively safe from air force, and decided to sandbag the second story and there ride out any storm that might come. There was no thought of vacating the premises. It remained, however, for an old lady who had just celebrated her ninety-fourth birthday in the family served in the Crimean War, to write the following lines to a friend on this side of the water: "We have to be so careful not to show any lamp. Hitler wants hanging, upsetting everybody like this." The hanging, of course, was entirely Poles, and the same old lady would not doubt turn out tomorrow to campaign against the death penalty for even a stray dog. Britons do not like to be "upset," as many a man and many a nation have found to their cost. It is part of their spirit—and spirit wins wars!

For days this column has been awaiting an opportunity to tell about the Gentleman With a Mutton-Bone. Reference to the stray dog makes it imperative, as the story, a true one, will not hold any longer. It was a special kind of mutton bone, a mutton bone that was clearly in search of a dog. It happened in Victoria on a Sunday afternoon not many weeks ago. The gentleman and his wife had finished their Sunday dinner, and were out on a walk through city parks. Being fond of animals, and no mean judge of the "humane" qualities of a dog, the gentleman had wrapped up the mutton bone, and was carrying it along under his arm in a bulky brown paper parcel. Then, as can be imagined, began the search for the right dog. Sniffing, yapping dogs were passed up as a matter of course. Large and small dogs lost their opportunity by their complete lack of manners. Well-fed and pampered dogs, and all dogs in embroidered waistcoats were ruled out by unanimous ballot between the gentleman and his wife. At last, however, a small, wistful-looking dog, with a small, wistful-looking dog, his obvious and devoted pet. Down went the brown paper package. Up went the dog's ears, sharp and pointed. Off came the gentleman's cap. On blinked the dog's bright eyes; desperately, hauntingly on the contents. Out popped the mutton bone. Up sat the dog. Off again went the boy, the dog and the mutton bone. On again strode a Gentleman-With-a-Mutton-Bone, and his wife, having put such a notch in the Record Book that not all time itself may serve to rub out. When it is added, as added it should be, that the gentleman was a Civil Servant, one knows without being told that he wrapped up his mutton bone, and left the boulevard as clean as he found it; with nothing more, in fact, than the memory of a kind deed and a faint smell of mutton-which, for days afterwards, drove other dogs close to distraction.

SLASH BURNING AGAIN ORDERED

Loggers Advised Provincial Forest Service Expects Fall Clearing

The British Columbia Forest Service ordered slash burning to be resumed, yesterday, revoking suspension of the original regulation under the Forest Act. Permits to burn slash prior to October 1 must be secured from the Forest Service, but after that date the programme will be general. E. C. Manning, chief forester, announced.

The suspension of slash burning was ordered to assist airplanes of the Royal Canadian Air Force in patrol duties, and was a major interruption of the fall programme of slash disposal as a forest conservation move. Resumption of clearing operations, now ordered, is expected to make considerable headway this fall in advance of the new cutting season.

Officials of the Forest Service explained that the Royal Canadian Air Force had withdrawn a request to suspend the programme. Under the Forest Act, disposal of logging slash is compulsory on operators within defined limits. Forest fire prevention work normally ends on October 1, depending on the condition of the bush at that time.

RAILWAY BOARD TO CONVENE THURSDAY

Sessions of the Board of Transportation Commissioners for Canada will commence in the Court House at 10 o'clock next Thursday morning.

They will hear an application from the Provincial Department of Public Works in regard to the proposed widening of the railway bridge which crosses Riverside Drive at Connaught Lake and the question of apportionment of the cost of constructing and maintaining the improvement.

The Associated Boards of Trade of Vancouver Island will make application for an order from the board directing railway companies to re-establish coast terminal rates to Nanaimo from Eastern Canadian points.

Letters to Editor

No letter to the Editor will be inserted except on the proper signature and address of the writer. This rule admits of no exception. No letter should exceed 100 words in length.

LEADERSHIP WANTED

Sir,—Some six months ago I wrote you suggesting it would be well if we should have a leader to guide and prepare us to defend ourselves in the war which was certainly coming. I was laughed at for my trouble by many of those who happened to read my letter. No doubt some will deem this letter is also a subject for ridicule.

It would be well, however, if those who presently guide our destinies would, even now, let the nation clearly understand what it is all about.

For myself I believe that at the end of this war there will be no peace. The fate of France and the British Empire, if they lose, will be very similar to the fate of Czechoslovakia that was, and let us hope, will be again. In our case there will be, of course, considerable room for the victors to make their terms. On the other hand, while Canada can assume she is, through her geographical position, more favorably placed than the rest of the British Commonwealth of Nations, she is, however, either by or out of that Commonwealth, with all the responsibilities as well as the advantages that position implies. The fight is now on and this question must now be settled, viz., are we really in this business or are we not? If we are in it, it is about time someone made a gesture to arouse us from our lethargy. A complete national gesture is not too much.

While much should, and could, have been done years ago, further postponement now would seem the role of fools, knaves or just plain cowards.

I cannot do more than close this letter by quoting Arnold I. Toynbee's note to Ethiopia written in 1936.

"Without our arms or art these men could dare
Wars' utmost frightfulness since
men were, were,
And in close fight to death un-
troubled passed,
Still tremen battling nobly to the
last."

But we who's science makes us
strong and great,
Are doomed to share the tortures
of their fate.

Yet not their soldiers' grave, the
code in scorn,
Withhold that privilege from men
forsworn."

FIFTY YEARS AGO TODAY

From The Daily Colonist of September 23, 1889.

Visiting His Excellency—Hon. Mr. Robson left for Westminster this morning and will be absent from the capital about eight or ten days, during which he will be present at the agricultural exhibition and will be held at Chilliwall, Surrey Hills and Westminster. Until the Premier's return to Victoria his address will be Westminster.

Steamer Beaches—The steamer Michigan was beached on the sands on James Bay, and effected a few necessary repairs, and floated off at high tide at 1 o'clock on Sunday afternoon, when on the way from Westminster to Portland. The Michigan has a large load of salmon for Eastern cities, consisting of 18,000 cases—2,500 from this city and 15,500 from Fraser River.

Here and There—John Allen and E. H. Platt, who left New York on May 14 for a trip across the continent on horseback, arrived at San Francisco on Sunday morning, having made the trip in 130 days, the actual riding being 117 days. Messrs. C. W. Miner and W. McLean returned on Saturday from a week's shooting at Sooke Harbor. Their game consisted of four deer, twenty brace of grouse, eight brace of duck and one seal.

The Too-Successful Grads

Edmonton Grads, who by their victory over Des Moines A.B. this week in a series for the Underwood Women's International Basketball trophy, once more retained the championship that has been theirs since 1923, seem destined to disprove the maxim that nothing succeeds like success. Meeting and beating all comers at home and abroad year after year, they have been too successful, and now the fans won't turn out to see them play. More than once in recent years their famous coach, J. Percy Page, has said that they'll have to fold up because of poor attendance. Page, who looked as though, though the "bluebirds" series with Wichita Thunder last month would be called off, as the Grads were ready to disband, but fortunately they have decided to give it another try.

Edmonton sports fans have grown tired of seeing the Grads win, go, rather than see them lose, but it will be a pity if the famous girls' club is to pass out because they are too good. They have the finest sporting record of any club, men or women, in the athletic history of the world, but we have grown so accustomed to them that now they make the headlines only when they are defeated.

Tables Turned
In the early days of this country, it was customary to regard the Indians as a savage and warlike people—a race whose bloodthirsty barbarism constituted a menace to the peaceful settlers who migrated here from Europe to seek a living from the soil. But times have changed. Now it is the Indians who are coming to regard their paleface brothers as the warlike people. Indian tribal conflicts have ceased, and Indian wars with the white invaders have long since come to an end. But the white man's war has not yet ended. The other day a distinguished Indian, Chief Oskonen, of the Mohawk tribe, arrived back in Canada after a trip to Honolulu. He had a cryptic comment to make on the subject of the outbreak of war. "So called civilized people are the worst kind of savages," the chief declared. "It is difficult to understand why the white people should want to kill one another as they are doing now." It is indeed a sad commentary on our "civilization" in general, and on post-war diplomacy in particular, that a descendant of the once savage Indians can make such a statement. Justly that "peace lovers" have been unable to banish war from the world.—E.B.

Too Old to Serve

I registered for military service this morning, and was placed in the "B" class, the Keating Squire informed us. We asked the meaning of "B" class. "That means I shall be here when the war department and still be here when they return," the Squire explained. . . . Jean told us a gasoline price war had been raging quietly at Duncan for several weeks. On Tuesday he was able to secure a tank full of petrol for twenty-two cents per gallon. Other service stations displayed cards listing the price as high as twenty-six cents. He learned the price had dropped as low as twenty cents per gallon during the week. A visitor to the fair at Willowbank Park informed us his wife had been unable to secure a glass of water. He wondered why officials neglected to install a few drinking fountains for those whose taste did not run to hot dogs and coffee. Aubrey pointed out that the days when it does not matter if a man comes from a poor family as long as he comes along in a big new car—G.B.

Presentation to Employee Leaving Service Is Made

Sincere regret that he was leaving city service for reasons of health was expressed by Mayor Andrew McCreath to A. R. C. "Charlie" Morton during a presentation in Mrs. Morton's office yesterday afternoon.

Mr. Morton occupied the position of draftsman at the City Hall for ten years, and is leaving with his family on Monday to reside in Los Angeles. On behalf of officials and fellow employees he was presented with a leather wallet containing a sum of money, and a signed testimonial.

Mayor McCreath paid tribute to Mr. Morton's constant and ever-willing efforts on behalf of sports and civic employee organizations, and to his courteous, friendly and pleasant manner.

He hoped that Mr. Morton's health would be restored, and wished him every success in the future.

GENTLE HINT

The curate was preaching his first sermon in his new church. He was not flattered to notice that one or two of the congregation became rather sleepy. Later in the week he happened to call upon one of the offenders.

"Well, sir," said the parishioner, "I suppose you have made a few friends since coming here?"

"Oh, yes, thanks!" replied the curate. "Also a few nodding acquaintances."

New Branch
Of P.T.A. Is
Organized

A parent-teacher association was formed at a meeting held in the Monterey Avenue School auditorium on Thursday evening. The following officers were elected:

Honorary president, R. W. Murdoch (chairman of the Oak Bay School Board); president, Mrs. H. A. Beckwith; first vice-president, B. C. Oller; second vice-president, H. J. S. Reynolds; secretary, George C. Warnock; treasurer, Mrs. George Wilkinson; and convener of membership, Mrs. S. G. Gave.

Captain F. G. Dexter, supervising principal of Monterey School, called the meeting to order and acted as chairman for the preliminary part of the business. P. E. George, president of the Victoria and District Parent-Teacher Council, outlined the aims and objects of the association, and after brief discussion, the motion to form an association for the Monterey district was passed. Among those who contributed to the discussion were Mrs. E. G. Day, a vice-president of the British Columbia Parent-Teacher Association, and Hew Paterson, a member of the Oak Bay School Board.

Conveners of the committees will be elected at the next meeting.

Women Have
Part to Play
In Homeland

TORONTO, Sept. 22 (CP)—Canadian women should forget the glamour of war service as ambulance drivers and air pilots and prepare to serve their country in their kitchens and their living rooms, Charlotte Whitton, director of the Canadian Welfare Council, told the Women's Canadian Club of Toronto today.

Readjustment of family food budgets and maintenance of a sound morale in the home are women's patriotic duties in wartime, Miss Whitton said.

"It is not likely the same kind of service or the same kind of commodity will be required from voluntary effort or from hand labor as in the first Great War," she said.

Bandages and canned goods will be bought from manufacturers, military hospitalization is already in operation and main needs will be in

the way of "extras," auxiliary to the official services.

NATION'S HOUSEKEEPERS

As the nation's housekeepers, women will have to study foods requiring conservation and decide what substitutes will be healthful so the essential food may be free for army use, Miss Whitton stressed.

"With the women of the land will rest patriotic avoidance of hoarding and the outlawing of selfish storing for one's own needs, which will cause shortages for others," she declared.

"Canada's war effort will involve becoming the arsenal and food basket for the Allied causes.

"Enlistment of men will cause adjustment of wives and children to new living conditions, and it is for the women to maintain a calm and steady homeland."

"Child guidance and vocational training will be more necessary than ever before to equip children, destined to grow up in the strain of these immediate years. It will also be harder to keep growing boys and girls in schools with adventure and work and wages calling."

Chapter Bridge
Tea Next Week

A bridge-tea will be held on Friday, September 29, by the Sir Matthew Baillie Begbie Chapter, I.O. D.E. in the dining-room of David Spencer, Ltd., in aid of the education work and other projects of the chapter.

Mrs. Peter Cunningham is the general convener, and reservations for bridge may be made by telephoning her at E 8582, or Mrs. W. A. Parrott, at G 2329. Mrs. G. E. Warner is helping with the arrangements.

Play will commence at 2:30 o'clock, and players are asked to bring their own cards and score pads. Tea guests will be welcomed at 4 o'clock, and all guests will participate in the prize awards.

Machines Wanted
For Red Cross

Mrs. P. F. Curtis, of the committee of the Oak Bay Red Cross Society, is making an appeal for sewing machines for the workroom, which will have its headquarters in the old Oak Bay High School building, Oak Bay Avenue.

The committee is eager that all plans be made and equipment available so that the work may commence as soon as detailed instructions have been received from Red Cross headquarters in Toronto. Due

Corset Coiffure
Now Fashionable

CHICAGO, Sept. 22 (AP)—Women now can lace up their hair as well as their corsets.

The corset coiffure to match the

revived back-lace corset mode was presented today as a new Fall style by the Illinois Hairdressers' Association.

The front hair is dressed in a sleek pompadour and the side hair is waved in an upward sweep toward the back, ending in two vertical rows of eyelet curls. A narrow ribbon is pinned in place as though running through these curls—a corset lace fashion.

A NICE POINT

Pat turned up in the office one morning with a large tear in the sleeve of his coat.

"Look here, Pat," said his boss, "why don't you get that hole mended?"

"Begorrah!" replied Pat. "Not Ol. A hole may be the result of an accident, but a patch is a certain sign of poverty."

Frock Gives Tall, Slim Lines

By MARIAN MARTIN

Pattern 9071

FIGURES may not lie, but a deception for flattery's sake is a different matter. Never have so many slimming features been brought together in one frock as in this amazing Marian Martin style. Make pattern 9071 in one of the very new black sheers or jerseys. Then run your eye up and down that tapered centre panel—it seems to add to your height and cut your girth right in two! Make it on the bias for even greater effectiveness! And here's the cleverest trick yet: those two curved side-front seams give your hips a sleek, slim line, accentuated by a back-tying sash. The pointed revers are smart in self fabric or in snowy white. See the nice softening at the bustline.

Pattern 9071 may be ordered only in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 requires 3½ yards 39-inch fabric.

Send twenty cents in coins for this Marian Martin pattern. Be sure to write plainly your size, name, address and style number.

Send your order to Pattern Dept., The Daily Colonist, Victoria, B.C.

Weddings

NIXON—DONALDSON

The marriage of Christine, only daughter of Mr. and Mrs. J. R. Donaldson, Falkland Road, and Mr. Douglas Nixon, only son of the late Rev. Hugh Nixon, and Mrs. Nixon, Oliver Street, took place quietly last evening in the Metropolitan United Church. Rev. A. E. Whitehouse conducted the ceremony and Mr. Edward Parsons presided at the organ. The bride was given away by her father and wore an afternoon frock of sapphire blue velvet with navy blue accessories, and a corsage bouquet of Columbia roses, gardenias and white heather. Miss Margery Pearce, Vancouver, was bridesmaid, in a black and dusty pink ensemble with a corsage spray of Columbia roses and stephanotis, and Mr. Ray Forrest, brother-in-law of the bridegroom, was best man. A small reception was held afterwards at the home of the bride's parents, where refreshments were served. Pastel shades were attractively arranged, and the bride's cake centred the supper table. After a short honeymoon on the Island, Mr. and Mrs. Nixon will return to Victoria to live. Mr. and Mrs. Ray Forrest, Vancouver, were guests at the wedding.

ROBERTS—FRYE

A quiet wedding was solemnized at the home of Mr. and Mrs. L. A. Robins, 976 Heywood Avenue, on Sunday evening at 8 o'clock, with Rev. J. P. Hicks officiating, when Dorothea Florence, elder daughter of Mr. and Mrs. Charles Frederick Frys, Vancouver, became the bride of Sergeant W. A. Roberts, R.C.E., elder son of Mr. and Mrs. William Roberts, Vancouver. The bride was given in marriage by her father and was attended by Mrs. Kenneth L. R. Elliott. The groom was supported by Corporal E. Gordon Brown. Pink and white streamers and goldenrod decorated the fireplace, in front of which the ceremony took place. The refreshment table was covered with a lace cloth and centred with the three-tier wedding cake. During the signing of the register, Mr. Robert McIntosh sang "Because." Mr. and Mrs. Roberts will make their home on Pacific Avenue, Victoria.

MILLS—LANGLEY

Ven. Archdeacon Nunns solemnized the marriage between Beatrice Massie, second daughter of Mr. and Mrs. W. H. Langley, 1031 Terrace Avenue, and Mr. William Mortimer Mills, second son of the late Dr. W. Mills, Toronto, and Mrs. Mills, Joan Crescent, which took place in St. Mary's Church, Oak Bay, at 2:30 o'clock yesterday afternoon. The organist was in attendance, and during the signing of the register, played Handel's "Where'er You Walk."

The bride, who was given away by her father, wore an attractive afternoon frock of "comet" blue silk crepe with wine accessories, and a corsage bouquet of pink roses. The pretty little bridesmaids wore her niece, Shelia, and Bridget Cooper, in pink smocks, who wore bandeaux of pink and blue forget-me-nots in their hair and carried Victorian posies of flowers in the same shades. Mr. Leon Gilligan was best man.

The wedding party was entertained by Mr. and Mrs. Langley at their home after the ceremony, the young couple leaving immediately afterwards for Seattle. Mr. and Mrs. Mills will take up residence at 1485 Fort Street on their return.

INGLIS—FELDWICK

VANCOUVER, Sept. 22 (CP)—Peter Inglis, only son of Mrs. T. B. Inglis and the late Captain Inglis, Victoria, and Margaret Betty Feldwick, daughter of Mr. and Mrs. Frank Feldwick, Croydon, England, were married here tonight in St. Mark's Anglican Church. Rev. Minio Swan performed the ceremony.

The wedding, originally scheduled for this afternoon, was set ahead in order that the groom's mother could be in attendance. She left the Capital City on the afternoon boat.

Mr. Inglis is a former Victoria newspaperman.

A September Bridal Party

A pretty wedding took place at the First United Church on Saturday evening, when Rev. Hugh A. McLeod united in marriage Muriel Robertson Pollock and Mr. Philip Vase Russell. The bride was attended by her sister, Jessie, and the groom was supported by his brother, Ted.

Solarium W.A.

The Solarium W.A. held its monthly meeting on Thursday afternoon, with Mrs. Mugford in the chair. Mrs. Pocock, convener of work at the Fall Fair booth, gave her report, and the members were gratified to hear that the sale of novelties had brought in the sum of \$82.48. A vote of thanks was tendered to Mrs. Pocock and her assistant. The movie pictures of the Solarium, shown by Mr. Douglas Flinn, have aroused much interest in the work of the auxiliary, and new members will be welcomed at the next meeting, to be held on October 19. During the Summer months, pajamas and dresses, pillowcases and vests have been completed, and the Youbon Women's Auxiliary has made four dozen play suits for the junior patients.

Presbyterian Rally

Mrs. George Guy, president of the Victoria Presbyterian, will preside at the Fall rally of the Women's Missionary Society of the United Church, which will be held in Metropolitan Church on Wednesday, September 27, at 3 p.m. Mrs. A. E. Mitchell, president of the conference branch, will give a report of great interest from the Dominion board, held in Toronto. Mrs. Hugh A. McLeod will conduct the worship service. Mrs. E. Nadin will be the soloist. Mr. Edward Parsons will preside at the organ, and will give a prelude of music. Tea will be served in the school auditorium, under co-operation of Mrs. W. H. Whiteley and Mrs. G. Green. An executive meeting will precede the meeting at 2:30 p.m.

Daughters of St. George

Victoria Lodge, No. 83, Daughters of St. George, met recently. Worthy President Mrs. J. Lomas in the chair. A successful report was given of the rummage sale, held last week. Final arrangements were made for the bazaar, to be held early in November. Mrs. N. Muckle was the winner of the wool cushion, and Mrs. Curtis was winner of the satin cushion.

Women of Moose

Victoria Chapter, No. 25, Women of the Moose, will hold its regular meeting on Monday evening at 7:30 o'clock, in the K-of-P Hall, Broad Street. After the meeting, a card social will be held for members and friends. Members will bring refreshments.

ENGAGEMENTS

ELFORD—WILLIS

The engagement is announced of Rosalind May, only daughter of Mr. and Mrs. W. A. Willis, to Mr. Walter Hartnell Elford, youngest son of Mr. and Mrs. F. T. Elford, Shawinigan Lake. The wedding will take place quietly early in October.

SPRISTON—BERRY

Mr. and Mrs. J. W. Berry, 40 George Street, Victoria, B.C., announce the engagement of their eldest daughter, Jessie Emily, to Mr. Robert Spriston, elder son of Mr. and Mrs. R. L. Spriston, 645 Haliburton Street, Nanaimo, B.C. The wedding will take place on October 2.

SAUNDERS—FRENCH

Mr. and Mrs. C. H. French, 182 George Road, W., announce the engagement of their daughter, Lela Mary, to Arthur J. Saunders, second son of the late Samuel L. Saunders and Mrs. Saunders, High Street. The wedding will take place quietly on October 14.

P.T.A. Activities

MARGARET JENKINS

The annual meeting of Margaret Jenkins Association was held in the auditorium, with the retiring president, Mr. C. J. Wright, in the chair. A large number of parents and teachers were present. Following the reading of reports, the new president, Mrs. G. Pottinger, was introduced. It was decided to form a Red Cross unit under the leadership of Mrs. G. Anstey, and to invite all residents of the district to aid in the work. Immediate steps will be taken to procure a moving picture projector for the use of the school. The members present were agreed that a bazaar similar to that of last year would be an excellent plan whereby to raise funds to carry out the proposed year's work. A committee was appointed to make plans for same. Mrs. Barnes read a letter from the Parent-Teacher Federation stressing the membership campaign to be held early in October. Mr. Baylis kindly consented to act as representative to confer with the civic committee to make plans for the general Halloween activities. Col. K. N. Winsby gave a very interesting and instructive talk on "School Curriculum," and following this, refreshments were served by the social committee.

Celebrates Birthday

Upon the occasion of her seventy-eighth birthday, Mrs. P. W. Dempster was visited by a large party of friends on Thursday afternoon. Many gifts testified to the love and esteem in which Mrs. Dempster is held by her wide circle of friends. Coming from Hamilton, Ontario, in 1883, Mrs. Dempster settled in Victoria and from that time to the present has shown an active interest in lodge work. A charter member of Colfax Rebekah Lodge, No. 1, I.O.O.F., since it was formed fifty-two years ago, she served as president of that lodge three years after its institution, and at present holds the office of trustee. As a member of the Rebekah Assembly of British Columbia, she served as president of that body during 1920-1921. The Good Cheer Club of Colfax Lodge was instituted by Mrs. Dempster while president and for many years this club has done much charitable work. Mrs. Dempster, dressed in a becoming black gown and wearing her past president's jewel and decoration of chivalry, a recognition of distinguished service in the I.O.O.F., welcomed her friends with a happy smile and cheerful word for all. Notable among the tributes of respect surrounding Mrs. Dempster was a beautifully-decorated birthday cake from Mrs. A. Maynard, noble grand of Colfax Rebekah Lodge; also bouquets of flowers from Colfax and Carme Rebekah Lodges. Mrs. L. Batchelor, worthy matron of Victoria Chapter, No. 17, O.E.S., conveyed greetings from her chapter, of which Mrs. Dempster is also a charter member and past matron.

Miscellaneous Shower

Mrs. W. Nichols and Mrs. L. Lancaster were joint hostesses at a miscellaneous shower at the latter's home, in honor of Mrs. D. Hatch

(formerly Beryl Weeks)

On her arrival the guest of honor was presented with a corsage bouquet of gladioli by little Jimmie Creed. The many useful gifts were concealed in a blue and pink decorated box. Games were played and the winners were Mrs. F. Stenton and Mrs. A. Matcham. The refreshments were served from a table covered with a silver cloth, centered with a silver basket of pale pink zinnias between ivory tapers, and a miniature bride. The invited guests included: Mesdames W. Weeks, R. Tate, W. Chard, F. Stenton, J. Stillwell, A. Matcham, R. Willoughby, H. Dodge, J. Shiner, R. Davies, A. Trace, G. McIlvenny, R. Peters, G. Lark, Winnie and Phyllis Hood, Phyllis Holmes and Kay Weeks.

Miscellaneous Shower

Mrs. W. H. Harrison entertained on Thursday evening at her home, 429 Victoria View Road, at a miscellaneous shower in honor of Mrs. Charles Lawson, formerly Miss Lillian Nelson. Gladioli, asters and other fall flowers were lovely in the reception-room. Upon her arrival, Mrs. Lawson was presented with a corsage bouquet of carnations and maidenhair fern. The gifts were concealed in a basket decorated with blue and white crepe paper. Little Miss Nola Maynard assisted with the gifts. Games were played during the evening and refreshments were served by the hostess. The winners of the contests were Mrs. Lawson, Mrs. V. Booth and Miss Freda Nelson. Those present were as follows: Mrs. C. Lawson, Mrs. W. Harrison, Mrs. Nelson, Mrs. William Merriman, Mrs. Winterburn, Mrs. L. Hatch, Mrs. W. Nichols, Mrs. L. Lancaster, Mrs. V. Booth, Mrs. L. Hatch, Mrs. W. Nichols, Mrs. L. Lancaster.

Purchasing Board Continues Busy

OTTAWA, Sept. 22 (C.P.)—While preliminary organization of the new War Supply Board, headed by Wallace B. Campbell, is being pushed, the old Defence Purchasing Board is doing "business as usual" in a big way.

An average of fifteen people sit in the board's ante-room all day long, offering services, seeking contracts or jobs. The rush of job-seekers is being taken care of in an employment office temporarily set up where lengthy questionnaires are being filled out by applicants for future reference.

Bridge Club Meets

Miss Sheila Baines, Quadra Street, entertained members of the Pastime Bridge Club last Thursday evening. The prize-winners, Misses Sue Good and Vera Hodgson, were presented with useful articles. Refreshments were served by the hostess, assisted by her mother, Theresa Wragg, Vera Hodgson, Mary Edge, Sue Good, Edith Hodgson, Phyllis Biles, Sheila Baines, P. Ridgely, W. Tucker, D. Whitaker, K. Goss, and Misses Florence and Mildred Russell, Barbara and Jean Dawson, Joan Clarke, Hazel Penferty, Lois Russell, Lottie Anderson, Eleanor Gray, Mabel and Ellen Moore, Kay White, Rita Whitaker, Isabel Pears and Patricia Rogers.

Returning to Ontario

Mrs. Amy Atwell and her brother, Mr. George Cudmore, are returning to their home in Milton, Ontario, having spent the past week visiting their brother and sister-in-law, Mr. and Mrs. Charles T. Cudmore, Strawberry Vale, Melvin Cudmore and Mr. and Mrs. Allen Clements, son and daughter of Mr. George Cudmore, accompanied them. The party motored here via Chicago, Moose Jaw, Sask., and Rutland, B.C.

To Attend Wedding

Headquarters of Air Command to Be Made in City

Bringing the headquarters of all three services into one centre, the Western Air Command will shortly move its headquarters from Vancouver to Victoria. It was officially announced yesterday. At present the R.C.A.F. headquarters on this Coast are located in the Federal Building in Vancouver.

The top floor of the Belmont Building has been taken for the headquarters here, and the command will move into its new offices as soon as the building has been made ready for occupation.

WAR TO CURTAIL NUMBER OF BOOKS

Macmillan Representative Praises Forthcoming Novel by Victoria Author

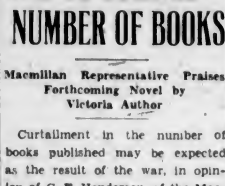

Curtailed in the number of books published may be expected as the result of the war, in opinion of C. E. Henderson, of the Macmillan Publishing Company of Toronto, who is on his yearly business trip to the Pacific Coast and was registered yesterday at the Empress Hotel with Mrs. Henderson.

"The immediate effect will undoubtedly be an increase in price," said Mr. Henderson, pointing out that the decrease in exchange would affect imports from the United States; increased freight and insurance charges would affect the price on books imported from Great Britain, and in Canada the price of materials will affect books published in the Dominion.

Mr. Henderson's special interests are school textbooks, medical and technical works, but he had enthusiastic words to say of the forthcoming book by Mrs. Irene Baird, well-known Victorian author of "John." Mrs. Baird's new novel is entitled "Waste Heritage," and deals with the unemployed. It should be on the shelves of local bookshelves in a few weeks, Mr. Henderson said.

Another important Canadian work to be published by the Macmillan company this fall is "The

FISH FOR TUNA ON WEST COAST

Lack of Pichard Forcing
Fishermen to Try Out
New Industry

A possibility that tuna fishing would soon attract large numbers of British Columbia fishermen was seen by Vladimir Stavrov, Uquelt, enterprising West Coast fishing expert, who was in Victoria yesterday at the conclusion of a successful season's fishing.

Mr. Stavrov reported that this summer for the first year a number of West Coast pichard boats had begun fishing for albacore when it became apparent that there were no pichard to be caught. Their success far exceeded their wildest expectations, and as a result, it is to be expected that a number of craft will make tuna their main quest when next season's fishing begins.

FEATHERS AS LURE
The former pichard fishers found that they could catch plenty of tuna by trolling near the surface, using white chicken feathers, slightly streaked with red, as a lure. The boats' crews soon found the secret of success in the new type of fishing. Best results were obtained by trolling at a speed of from seven to nine knots, and most boats found they could work from six to twelve lines at a time.

The largest tuna catch of the season had been made only a few days before Mr. Stavrov left the West Coast. One of the British Columbia Packers' boats had landed a catch of twenty-five tons of tuna in a single setting of a pichard seine net. This, at \$100 a ton, was an exceptionally valuable catch. Another large catch of the season had been a catch of 60,000 pounds of coho in a single setting—a catch which at the season's prices was worth \$5,100 to the lucky fisherman.

GRACE LUTHERAN WILL HOLD RALLY SERVICE

A rally service will be held in Grace Lutheran Church Sunday evening at 7:45 p.m., in which the members and friends of the congregation are invited to participate. The pastor, Rev. Edwin Bracher, will preach on "Our Christian Programme." There will be Sunday school promotion exercises and the children of the school will sing "Brightly Gleams Our Banner."

Another feature of the service will be a duet, "My Jesus, I Love Thee," sung by Alice Weiseth and Agnes Krueger. All are cordially invited to join in this service of worship. At the 11 o'clock morning service, the pastor will speak on "The Just Shall Live by Faith."

St. Paul's Presbyterian

Rev. James Hyde, of St. Paul's Presbyterian Church, Victoria West, will conduct the Rally Service to be held next Sunday morning at 11. The Sunday school and parents are urged to gather for the service. There will be special singing by the primary classes, and the subject of the address will be "The Harvest Is Great, but the Laborers Are Few."

The subject for the evening service will be "The Great Physician's Ministry to Our Bruised and Broken Humanity." The Sunday school meets at 10:30 a.m.

ST. AIDAN'S CHURCH

The annual harvest festival services will be held on Sunday at St. Aidan's United Church, Mount Tolleme. The church will be decorated for the occasion with flowers, fruit and vegetables, emblematic of the harvest season, and during the services the old harvest hymns and anthems will be sung. A committee will be on hand this afternoon and evening at the church to receive the gifts of the congregation, and these will be sold by auction on Monday evening in St. Aidan's Hall. The minister, Rev. T. G. Griffiths, will preach in the morning on "The Miracle of Harvest" and in the evening on "The Fields Are White."

MINERS BACK AT WORK

GLACE BAY, N.S., Sept. 22 (CP)—Miners of Dominion Coal Company's Victory Pit decided last night to return to work tomorrow, ending a tie-up caused by workers' refusal to go underground with two foreign-born miners. The tie-up this morning affected 400 workers. The United Mine Workers' local decided the pair would be allowed to work in the pit.

THE BODY
JAMES W. BARTON, M.D.
INSULIN USED IN STUBBORN
CASES OF SLEEPLESSNESS

For twenty-four hours, it is estimated that it requires seventeen nights of rest and sleep to make up for this loss of one night's rest and sleep. It can't thus be seen that while we may live on a small amount of sleep, sleep is of great importance to health of body and mind. No one has been able to tell us what causes sleep. In my student days we believed there was a sort of cycle of events during the twenty-four hours and at a certain period the blood left the brain—the brain became anemic—and this caused sleep. This has been disproven. Patients who are nervous, emotional, under severe mental strain, must be given rest, or the wear and tear on heart—blood—vessels—and nervous system may cause exhaustion and collapse. In speaking of the usual methods of bringing rest and sleep to these high strung upset individuals, Dr. G. Wilse Robinson, Neurological

Hospital, Kansas City, Mo., in Clinical Medicine and Surgery, tells of three—(a) drugs; (b) baths; and (c) psychotherapy (treating the mind disturbances by free discussion of them with the individual). As these three methods have certain disadvantages or fail in a number of cases, Dr. Robinson states that insulin (the treatment given to diabetics) has been used successfully by a number of research workers, including himself, in quieting and bringing sleep to

patients suffering with mania, over-activity with or without impending collapse. "The patient who requires to be 'quieted' is invariably under the influence of abnormal emotional tension states which seem to disturb the way carbohydrate (sugar) is handled by the body processes. By the use of a certain amount of starch food which is controlled by the injection of insulin, a natural drowsiness is soon followed by natural sleep."

THIS METHOD IS CERTAINLY BETTER than drugs and when hydrotherapy and psychotherapy fail it should prove a valuable aid. These stubborn cases of sleeplessness where insulin is used should, of course, be handled in hospital. Man (in prison garb)—Hide me quick! I am an escaped wife-beater. Henpecked Husband—Hide you! I'll hire you.

THERE ARE OTHERS The old lag stood before the magistrate, who boomed: "What's the matter with you? Can't you behave yourself for one week? You've been before this court at least thirty times. You've been charged with drunkenness, shoplifting, burglary, assault and you are accused of beating your wife. What have you to say?" "Your Honor," declared the prisoner, "nobody's perfect."

Cincinnati Wins Double Bill and Gains on Cards

Defeats Pittsburgh, 6-0 and 10-9, to Widen National League Lead to Three Games—St. Louis Noses Out Chicago, 3-2—Feller Hurls His Twenty-Second Victory of the Season

By The Canadian Press
The Reds went three games up in the National League pennant race yesterday, sweeping a twin bill from Pittsburgh, 6-0 and 10-9, while the second-place Cardinals nosed out Chicago, 3-2, in a single contest.

The first was a breeze for Rookie Gene Thompson in his eleventh victory of the year. Wally Berger helped him to the second on his third-inning home run with the sacks loaded.

While the potential flag winners were thus engaged, the club's front office announced that no more applications for world series tickets would be accepted.

More than 65,000 seats—or twice the capacity of an enlarged Crosley Field—could be filled on the basis of applications already in hand, club spokesmen said.

Two freshman pitchers, Morton Cooper and Bob Bowman, combined to stop slugging Hank Leiber cold and give the St. Louis Cardinals an all-important 3-2 victory over the Chicago Cubs.

CARDS FALL BACK
As it was the Cardinals, although winning, fell back in their pursuit of the league-leading Cincinnati Reds, who took a double-header from Pittsburgh. The Reds now are three games ahead of the Cardinals.

Leiber, who has been hitting like a house afire for the Cubs, came up three times with chances to drive in runs and failed each time. Twice he hit into double plays.

The combination of Doc Cramer's lousy hitting and the opposition's sloppy fielding gave the Sox a 7-5 triumph over the Athletics today in their American League series opener.

Broadway Charlie Wagner received credit for the win, although he was relieved by Emerson Dickman in the seventh after he gave the Athletics five hits and all of their runs. The Sox slugged three Philadelphia pitchers for thirteen hits and, for all practical purposes, clinched the game with a four-run rally in the fourth against the starter, Buster Crabb.

Robb Weatherly's ninth-inning single, with two out, scored Bob Feller and gave Cleveland a 5-4 victory over Detroit in the series opener.

Feller, who had doubled for his second hit of the day and moved to third on Lou Rouds' infield out, thus turned in his twenty-second triumph of the campaign, despite the slugging of Roy Cullenbine, Tigers' left fielder.

DUTTON BUILDS UP AMERICANS

Hockey Boss Signs "Chuck" Conacher and Other Experienced Players

NEW YORK, Sept. 22 (AP).—With characteristic bustle, Mervyn (Red) Dutton breezed into town today after a six-month talent safari in Canada and announced he had signed Chuck Conacher and enough other new players to make his New York Americans of 1939-40 "the fastest and toughest team in the history of the club."

Red was brimming with confidence as he revealed eight experienced newcomers, including the cannonading Conacher, who will wear American jersey in the National Hockey League wars this season.

This is definitely a shot of pep serum the club is getting," said Red. In addition to Conacher, Dutton will add three other former Toronto Maple Leafs regulars to his club. They are Harvey (Busher) Jackson, Frank (Buz) Boll and Elwyn (Doc) Romnes. This triple threat came to the Americans at the tail-end of last season in a swap for Dave (Sweeney) Schrier, the Americans' high-scoring left wing.

Of the other new men, Chuck Shannon and Murray Armstrong are forwards; the others defencemen. Dutton did not say who would disappear to make way for the fresh material.

He did say, however, that there might be more than eight new faces when the Americans step out to open the season. Eighteen amateurs have been ordered to report at the Americans' training camp at Port Arthur, October 2. Professional members will check in October 10.

FRIENDLY SOCCER
Caveys and Mount Toline, intermediate soccer teams, will play a friendly soccer match this afternoon at Central Park, at 2:30 o'clock. Caveys lineup follows: Saunders, Ball, Bisenden, Rowell, R. Baker, N. Baker, Richardson, Blakemore, McCormick, Bousfield and Gullin.

Alice Marble and Bobby Riggs Top Tennis Rankings

PARIS, Sept. 22 (AP).—Bobby Riggs, of Chicago, and Alice Marble, of Los Angeles, Wimbledon and United States singles champions, were ranked the world's best tennis players today in a list compiled by Pierre Gillou, president of the French Lawn Tennis Federation. Jack Bromwich, of Australia, was placed next to Riggs in the men's rankings. Kay Stammers, of England, was listed second among the women.

CHRISTIAN IS LEADING FIELD

Yakima Golf Professional Had One Stroke Lead Over Wood, Congdon

YAKIMA, Wash., Sept. 22 (AP).—Neil Christian, Yakima professional, took the lead in the opening eighteen holes of the three-day Rotary Club open golf tournament today by shooting a three-under-par 67 over his home course.

Just a stroke back were Freddy Wood, of Vancouver, B.C., and Chuck Congdon, of Tacoma.

Bud Ward, United States amateur champion from Spokane, shot a pair of 36's to finish the day in a tie with Ken Tucker, of Everett, for sixth place.

Christian put together rounds of 33-34 for his par-cracking performance. Wood, out in 36, found the home stretch to his liking and tacked a 32 to his outgoing nine. Congdon had two 34's.

Leading scores included:

Jack Burns, Yakima, 33-36—69.
Al Harrington, Yakima, 36-34—70.
Gerry Bert, Jr., Seattle, 38-33—71.
Emory Zimmerman, Portland, 35-38—73.

Billy Conn Will Battle Melio Bettina in Light-Heavyweight Bout

PITTSBURGH, Sept. 22 (AP).—The light-heavyweight king, Billy Conn, made it plain today his title defence against Melio Bettina here on Monday night will be a grudge affair.

All because of a harmless-appearing interview, in which both took part. The former champ from Beacon, N.Y., upset the applicant when he predicted in the broadcast interview he would knock out Billy. The Pittsburgh Irishman, sitting alongside the Italian, almost fell off his chair.

The remark made Billy red hot. Throughout an interview he brought the talk back to the same subject.

"That wise guy said he'd knock me out," he fumed. "I'll show him who he'll knock out—he won't win a single round."

Conn's desire for vengeance made it unanimous, for Bettina is sore over losing the title in his first defence of it.

Pandomint Setting New Track Record

Pandomint, from the Wentworth Stable, is pictured above winning the sixth race on Thursday's racing card at the Willows track and setting a new record for one mile. The time was 1:39.2-5, more than a second lower than the former mark of 1:40.4-5 set by Big Pine. Flying Heir finished second behind the locally-owned thoroughbred, and Be Mine was third. In the lower picture members of the Sturrock family, owners of Pandomint, are shown after the finish of the race. Reading from left to right: Mrs. H. H. Sturrock, Mrs. E. Wilson, A. Sturrock, Miss A. Sturrock, D. Sturrock and Mrs. A. Sturrock. Jockey Emil Spoori is in the saddle.

Dead Heat in Third Race Is Feature of Splendid Programme

Lady Giovando and Kings Heiress Share Prize Money at Willows Track—Close Finishes Thrill Fans—Jockey Injured—Handicap Today

Featured by a dead heat for top money in the third event with Lady Giovando and Kings Heiress sharing the pot, and three driving finishes, yesterday's racing programme at the popular five-furlong track at the Willows provided many thrills for a large crowd of racers.

The dead heat provided Victoria bettors with two daily double returns, with the punters naming Lady Giovando collecting \$7.80, and those selecting Kings Heiress, \$10.30.

One mishap occurred to make an exciting afternoon when Jockey Tom Cox was unseated in the sixth while riding Avondale King in the event for two-year-olds, and miraculously escaped serious injury. Cox's mount ran into the outside rail on the track soon after rounding the clubhouse turn and threw his rider, the boy going over the rail and landing on the bank below. He was given first aid at the track and taken to the Jubilee Hospital, where at a late hour last night he was resting comfortably. Dr. C. W. Duck, who was in attendance at the hospital, stated that Cox is suffering from slight bruises and small cuts under his right eye, but his injuries are only of a minor nature. He was detained at the hospital overnight, and may possibly be discharged today.

RIDERS UNSEATED
Hruschak, young Calgary rider, was unseated from Red Tolo at the starting gates in the third race, and after finishing the event decided to lay off for the day. Haller was thrown from Somers Sands before the start of the race, but was none the worse for his experience. He came back in the next event and rode Russley Lad to victory.

Prices during the day were good in the majority of the races, with the heavily-backed mounts failing to gain an edge during the afternoon.

Jockey Ray Christensen had a gala day in the saddle, booting home four winners and taking the riding honors.

TODAY'S FEATURE
Today's feature race will be The Daily Colonist Handicap at one mile and one-sixteenth. Eight thoroughbreds are entered, including Sky Glare, holder of the track record for the mile and seventy yards; Pandomint, who on Thursday set a new mark for the mile; Some Turley, Stolen Color, Bowery Sue, Buck On, His Selection and Beldad. Sky Glare has been given top impost of 120 pounds.

The winner of the handicap will be decorated immediately following the race.

Six additional flat races and the steeplechase in the infield will round out an attractive programme. First post time is 1:45 o'clock.

RALPH BAKER LEADS CLUBMATES TO FINE WIN IN BOXLA GAME

Conservatives' Captain Fires Home Four Goals in Final Stanza of Play-Off Fixture—Teams Tied 17-17 at the Three-Quarter Time—Bakerymen Triumph

Outscoring their opponents by one lone tally in the fourth quarter of a bitterly-fought game, Conservatives defeated Alert Service, 24-23, in the first of a three-game championship play-off series at the Victoria Sports Centre last night.

It was anybody's game from start to finish, and never more than two goals separated the teams all night. Play went from end to end as both goalies were called into action. Mags stopped forty shots to thirty-eight for Gawley, an indication of the closeness of the struggle.

A garrison finish led by Captain Ralph Baker, who tallied four times in the final stanza, gave the green-shirted final edge, despite some desperate drives at the goalmouth by the Alert.

The game was fought at a furious pace, and thrilling individual rushes brought the crowd of five hundred to its feet time and again. Combination and positional play was at a discount, as first-time checking broke up every methodical attack.

Each team scored in the opening minute of the game and from then on it was nip and tuck all the way. Conservatives opened strongly, but Alert came back and bombarded Mags, finishing the quarter one goal up.

INDIVIDUAL RUSHES
Brilliant individual rushes by Conservatives featured the second quarter. Ovchavick alone scoring thrice, but Alert rallied to tie the score and come from behind to hold a one-goal lead at half time, the chief scorers being Williams and Pickford with two each.

The third quarter was sensational. Conservatives scored four in a row to put them two up, but again Alert came from behind and tied it up. No quarter was given or asked as the teams raced over the floor, but if the players occasionally took a spill it was taken in good part. Pickford showed the way to his teammates and scored all four of his side's goals. The end of the third quarter saw the teams even at 17-17.

Alert took the lead as the teams resumed, but Conservatives quickly tied the score. For a time it looked as though Alert would edge to the front, but each threat was balked and Conservatives finally got the goal that counted.

Score by periods:
Conservatives..... 5 6 6 7—24
Alert Service..... 6 7 4 6—23

PENALTIES
Conservatives—Mair, Ovchavick, two minutes each; Sudbrook and R. Baker, four minutes each; Thompson, five minutes; Cornes, six minutes.

Alert Service—Williams, Holyoak, Pickford, Price, Harding and Thompson, two minutes each; D. Coates, five minutes; N. Grates, seven minutes.

Teams follow:
Conservatives—Lawrence (1), McSweeney (4), Mair, Alexander, Sudbrook (1), Corney (1), N. Baker (5), R. Baker (6), Coleman, Harbarnston, Ovchavick (5), Mags, Thompson, Singleton (1).

Alert Service—Gawley, D. Coates (2), Williams (5), Brown, Plater, Bischoff (1), N. Coates (3), Holyoak (2), Berry, Pickford (6), Price, Harding, McDonald (2), Thompson (2).

BAKERYMEN WIN
In the curtain-raiser McLean's Bakery defeated Owl Drug, 17-15, for their second straight win to end the juvenile series play-off. They will meet Saanich Young Liberals on Monday night for the title.

Down six goals at the edge of the third quarter, the Owl Drug boys staged a desperate drive in the last stanza, scoring eight goals to their opponents' four, but the keyway was too much to make up. The game was a crowd-pleaser and was fast and furious most of the way.

Score by periods:
Owl Drug..... 2 3 2 8—15
McLean's Bakery..... 6 6 1 4—17

Cincinnati Wins Double Bill and Gains on Cards

Defeats Pittsburgh, 6-0 and 10-9, to Widen National League Lead to Three Games—St. Louis Noses Out Chicago, 3-2—Feller Hurls His Twenty-Second Victory of the Season

By The Canadian Press
The Reds went three games up in the National League pennant race yesterday, sweeping a twin bill from Pittsburgh, 6-0 and 10-9, while the second-place Cardinals nosed out Chicago, 3-2, in a single contest.

The first was a breeze for Rookie Gene Thompson in chalking up his eleventh victory of the year. Wally Berger helped the second on his third-inning home run with the sacks loaded.

While the potential flag winners were thus engaged, the club's front office announced that no more applications for world series tickets would be accepted.

More than 65,000 seats—or twice the capacity of an enlarged Croke Field—could be filled on the basis of applications already in hand, club spokesmen said.

Two freshman pitchers, Morton Cooper and Bob Bowman, combined to stop slugging Hank Leiber cold and give the St. Louis Cardinals an all-important 3-2 victory over the Chicago Cubs.

CARDS FALL BACK
As it was, the Cardinals, although winning, fell back in their pursuit of the league-leading Cincinnati Reds, who took a double-header from Pittsburgh. The Reds now are three games ahead of the Cardinals.

Leiber, who has been hitting like a house afire for the Cubs, came up three times with chances to drive in runs and failed each time. Twice he hit into double plays.

The combination of Doc Grammer's lusty hitting and the opposition's sloppy fielding gave the Red Sox a 7-5 triumph over the Athletics today in their American League series opener.

Broadway Charlie Wagner received credit for the win, although he was relieved by Emerson Dickman in the seventh after he gave the Athletics five hits and all of their runs. The Soxers slugged three Philadelphia pitchers for thirteen hits and, for all practical purposes, clinched the game with a four-run rally in the eighth.

Roy Weatherly's ninth-inning single, with two out, scored Bob Feller and gave Cleveland a 5-4 victory over Detroit in the series opener.

Feller, who had doubled for his second hit of the day and moved to third on Lou Boudreau's infield out, this turned in his twenty-second triumph of the campaign, despite the slugging of Roy Cullenbine, Tigers' left fielder.

DUTTON BUILDS UP AMERICANS
Hockey Boss Signs "Chuck" Conacher and Other Experienced Players

NEW YORK, Sept. 22 (AP).—With characteristic bustle, Mervyn (the Red) Dutton breezed into town today after a six-month talent safari in Canada and announced he had signed Chuck Conacher and enough other new players to make his New York Americans of 1939-40 "the fastest and toughest team in the history of the club."

Red was brimming with confidence as he revealed eight experienced newcomers, including the cannonading Conacher, who will wear American jersey in the National Hockey League wars this season.

"This is definitely a shot of pep serum the club is getting," said Red. In addition to Conacher, Dutton will add three other former Toronto Maple Leafs' regulars to his club. They are Harvey (Busher) Jackson, Frank (Burr) Holt and Elwyn (Doc) Romnes. This triple threat came to the Americans at the tail-end of last season in a swap for Dave (Sweeney) Schirmer, the Americans' high-scoring left wing.

Of the other new men, Chuck Shannon and Murray Armstrong are forwards; the others defencemen. Bell and Armstrong are Regina boys. Dutton did not say who would appear to make way for the fresh material.

He did say, however, that there might be more than eight new faces when the Americans step out to open the season. Eighteen amateurs have been ordered to report at the Americans' training camp at Port Arthur, October 2. Professional members will check in October 10.

FRIENDLY SOCCER
Caveys and Mount Talmie, intermediate soccer teams, will play a friendly soccer match this afternoon at Central Park, at 2:30 o'clock. Caveys lineup follows: Saunders, Ball, Busenden, Rowell, R. Baker, N. Baker, Richardson, Blakemore, McCormick, Bousfield and Cullen.

PARIS, Sept. 22 (AP).—Bobby Riggs, of Chicago, and Alice Marble, of Los Angeles, Wimbledon and United States singles champions, were ranked the world's best tennis players today in a list compiled by Pierre Gillou, president of the French Lawn Tennis Federation. Jack Bromwich, of Australia, was placed next to Riggs in the men's rankings. Kay Stammers, of England, was listed second among the women.

CHRISTIAN IS LEADING FIELD

Yakima Golf Professional Had One Stroke Lead Over Wood, Congdon

YAKIMA, Wash., Sept. 22 (AP).—Neil Christian, Yakima professional, took the lead in the opening eighteen holes of the three-day Rotary Club open golf tournament today by shooting a three-under-par 67 over his home course.

Just a stroke back were Freddy Wood, of Vancouver, B.C., and Chuck Congdon, of Tacoma.

Bud Ward, United States amateur champion from Spokane, shot a pair of 36's to finish the day in tie with Ken Tucker, of Everett, for sixth place.

Christian put together rounds of 33-34 for his par-cracking performance. Wood, out in 36, found the home stretch to his liking and lacked a 32 to his outgoing nine. Congdon had two 34's.

Leading scores included: Jack Burns, Yakima, 33-36-69; Al Harrington, Yakima, 30-34-70; Gerry Bert, Jr., Seattle, 38-33-71; Emory Zimmerman, Portland, 35-38-73.

RALPH BAKER LEADS CLUBMATES TO FINE WIN IN BOXLA GAME

Conservatives' Captain Fires Home Four Goals in Final Stanza of Play-Off Fixture—Teams Tied 17-17 at the Three-Quarter Time—Bakerymen Triumph

Outscoring their opponents by one lone tally in the fourth quarter of a bitterly-fought game, Conservatives defeated the Bakerymen 24-23 in the first of a three-game championship play-off series at the Victoria Sports Centre last night.

It was anybody's game from start to finish, and never more than two goals separated the teams all night. Play went from end to end as both goalies were called into action. Mags stopped forty shots to thirty-eight for Gawley, an indication of the closeness of the struggle.

A partition finish led by Captain Ralph Baker, who tallied four times in the final stanza, gave the green-shirted the final edge, despite some desperate drives at the goalmouth by the Alerts.

The game was fought at a furious pace, and thrilling individual rushes brought the crowd of five hundred to its feet time and again. Combination and positional play was at a discount, as first-time checking broke up every methodical attack.

Each team scored in the opening minute of the game and from then on it was nip and tuck all the way. Conservatives opened strongly, but Alerts came back and bombarded Mags, finishing the quarter one goal up.

INDIVIDUAL RUSHES
Brilliant individual rushes by Conservatives featured the second quarter. Ovchavick alone scored three, but Alerts rallied to tie the score and come from behind to hold a one-goal lead at half time, the chief scorers being Williams and Pickford with two each.

The third quarter was sensational. Conservatives scored four in a row to put them two up, but again Alerts came from behind and tied it up. No quarter was given or asked as the teams raced over the floor, but if the players occasionally took a spill it was taken in good part. Pickford showed the way to his teammates and scored all four of his side's goals. The end of the third quarter saw the teams even at 17-17.

Alerts took the lead as the teams resumed, but Conservatives quickly tied the score. For a time it looked as though Alerts would edge to the front, but each threat was balked and Conservatives finally got the goal that counted.

Score by periods:
Conservatives..... 5 6 6 7—23
Alert Service..... 6 7 6 6—22

PENALTIES
Conservatives—Mair, Ovchavick, two minutes each; Sudbrook and R. Baker, four minutes each; Thompson, five minutes; Corness, six minutes.

Alert Service—Williams, Holyoak, Pickford, Prior, Harding and Thompson, two minutes each; D. Coates, five minutes; N. Coates, seven minutes.

Teams follow:
Conservatives—Lawrence (1), McSweeney (4), Mair, Alexander, Sudbrook (1), Corney (1), N. Baker (5), R. Baker (6), Coleman, Harmanston, Ovchavick (3), Mags, Thompson, Singleton (1).

Alert Service—Gawley, D. Coates (2), Williams (5), Brown, Plater, Bishop (1), N. Coates (3), Holyoak (2), Berry, Pickford (6), Prior, Harding, McDonald (2), Thompson (2).

BAKERYMEN WIN
In the curtain-raiser McLean's Bakery defeated Owl Drug, 17-15, for their second straight win to end the juvenile series play-off. They will meet Saanich Young Liberals on Monday night for the title.

Down six goals at the end of the third quarter, the Owl Drug boys staged a desperate drive in the last stanza, scoring eight goals to their opponents' four, but the midway was too much to make up. The game was a crowd-pleaser and was fast and furious most of the way.

Score by periods:
Owl Drug..... 2 3 2 8—15
McLean's Bakery..... 6 6 1 4—17

Churches and Their World-Wide Work

BAPTISM TO BE ADMINISTERED

Rev. J. L. McLean to Give Sermon Tomorrow "On 'Why Attend Church?'"

Public worship at St. Andrew's Presbyterian Church tomorrow will be conducted, morning and evening, by the minister, Rev. J. Lewis W. McLean. At the morning service the Sunday school will worship with the congregation, and there will be a special children's story. The sacrament of baptism will also be administered, and parents with young children have been invited to bring them to the service.

A message for adults and children alike, "Why Attend Church?" will be presented by the minister. The choir's anthem will be "Loving Shepherd of Thy Sheep" (Stair), and Mrs. J. Ratcliffe will sing "The Better Land" (Cowan).

The minister's sermon subject at the evening service will be, "The End of the World"—a message from the Christian Gospel for today. Miss Margaret Russell will sing "Lead Us, O Father" (Perry), and the choir's anthem will be "Come at Times a Stillness" (Galbraith).

Preceding each service, a short selection of hymn tunes will be played on the memorial chimes.

FIRST SPIRITUALIST

At First Spiritualist Church, Sons of England Hall, Broad Street, tomorrow at 7:30, Rev. Mrs. M. L. O'Range will be the speaker, the subject being "Life's Responsibilities." There will be a soloist, and messages by flowers will be given at the close of the service. On Monday at 2:30 p.m. there will be a message circle in the Sons of England Hall in charge of Rev. Mrs. O'Range.

TWO MINISTERS GIVE SERMONS

Special War Prayers at St. John's—Rector Is Morning Preacher

Services at St. John's Church for the sixteenth Sunday after Trinity will consist of Holy Communion at 8 a.m., Morning Prayer and sermon at 11 a.m., and Evening Prayer and sermon at 7:30 o'clock.

The rector, Rev. Canon Chadwick, will be the preacher at the 11 o'clock service, and special prayers will be made at all the services for God's guidance and blessing at this time of war.

In the evening there will be an organ recital by G. Jennings Burnett immediately before the service, and during the service the choir will sing the anthem, "Out of the Deep" (Markus). Mrs. Hazel Sherratt taking the solo part. The preacher will be Rev. G. R. V. Bolster.

The Sunday school and Bible class will assemble at 10 a.m. On Wednesday there will be Holy Communion at 10:30 a.m., with special prayers for the sick, and in the evening there will be a service of intercession in connection with the war.

At the Crystal Garden auditorium on Sunday evening, Rev. S. R. Orr will speak on "Is the Conflict on This Plane Only?" Questions to be answered are: "Must Britain reckon with more than Hitler and Stalin?" "What about the spiritual forces of wickedness mentioned in prophecy?" "Is this to be a shaking of earth and heaven?" "Will the first round of Armageddon be to get rid of the Fascists and the Communists in North America?" "Who says that it is British capital that kept British bombers out of Poland and from bombing Berlin?"

The women of the congregation wish to be hostesses to the soldiers and sailors preparing for active service at a series of suppers to begin this Sunday night immediately at the end of the meeting. They extend the invitation to all officers and men of H.M. forces on leave each Sunday evening. A community sing will begin at 7:15 or earlier and supper and music at 8:30.

Every effort will be made to accommodate all those who are attending these lectures and the same practice will be followed as on recent Sundays, of beginning when the auditorium is full.

CHRIST OUR HOPE IS CITADEL TOPIC

Adjutant Charles Watt will speak at the morning holiness meeting at the Salvation Army Citadel, Broad Street, on "My Utmost for His Highest," and Mrs. Watt in the evening on "Christ—Our Hope."

The Citadel Band, under the direction of Bandmaster Max Chalk, will give a monthly series of musical and educational programmes under the title of "The Salvation Clipper," commencing tomorrow afternoon at 3:15 o'clock. Imaginary airplane flights to different parts of the world will be conducted by Adjutant J. Hankin, acting pilot.

Commissioner William Dalziel, of Australia, who is on his way home to Sydney from the High Council held in London, will speak at a special meeting in the Citadel on Monday evening at 8 o'clock.

AT ST. MATTHEW'S

The morning service, Matins at 11 o'clock, at St. Matthew's Church, Langford (Rev. R. E. N. Yerbrough), will be in celebration of the fifteenth anniversary of the church, and it is hoped that many friends will be present.

"Reality" Is Subject On Sunday

"Reality" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, Sunday. The golden text is "Since the beginning of the world men have not heard, nor perceived by the ear, neither hath the eye seen, O God, beside thee, what he hath prepared for him that waiteth for him" (Isaiah lxiv, 4).

Among the citations which comprise the lesson-sermon is the following from the Bible: "And they came to him, and awoke him, saying: Master, we perish. They arose, and rebuked the wind and the raging of the water: and they ceased, and there was a calm" (Luke viii, 24).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Jesus said: 'I knew that Thou hearest me always; and he raised Lazarus from the dead, stilled the tempest, healed the sick, walked on the water. There is divine authority for believing in the superiority of spiritual power over material resistance.'"

BELMONT UNITED TO HEAR VISITORS

Rev. G. A. Reynolds Is Morning Preacher—Evening Message From Victoria Youth

Rev. Bryce H. Wallace will give up his pulpit to visiting speakers at both services tomorrow in Belmont United Church. The morning preacher will be Rev. G. A. Reynolds, of First Baptist Church, and the evening preacher will be Rev. G. R. V. Bolster, of this school and church worship.

In keeping with the Rally Day feature of Sunday's services, the primary children will sing and other members of the school will assist. An appropriate anthem will be rendered by the senior choir.

The evening service will be observed by special messages from two distinguished young Victorians, Dr. Wm. Gibson, who recently received his Ph.D. degree from Oxford University, and Ernest Bishop, recent graduate of U.B.C., who will deal with young people are thinking about the present world crisis.

"Follow Me" Is Chosen Topic of Rev. N. J. Cree

The Sunday morning service at Fairview United Church will take the form of a rally day service and the Sunday school scholars will be in attendance and taking part. Rev. Norman J. Cree will speak on "Follow Me." Mrs. E. Ridgway will be the soloist, and the choir will sing "Comfort, O Lord" (Bridge).

In the evening the minister's subject will be "Light From the East." The soloist will be Mrs. P. C. Richards, and the choir will sing "Comes at Times a Stillness" (Woodward).

Bishop Sexton Is Morning Preacher At Christ Church

THE services at Christ Church Cathedral will be held at the usual times tomorrow, with celebrations of the Holy Communion at 8 a.m. and 9:30 a.m. The Bishop will be the preacher at Matins (11 a.m.) and Rev. A. E. Hendy will preach at Evensong (7:30 p.m.).

Every day since the beginning of the war a special service of intercession has been held in the Cathedral at 12 noon, and these helpful services will be continued. It is felt these would be an even better attendance if these services were more widely known.

SEEK CHANGES IN LIQUOR ACT

Delegation of W.C.T.U. Calls
On Premier Pattullo With
Resolutions

Resolutions seeking tightening of British Columbia liquor control laws to terminate bootlegging, and also to abolish liquor advertising, were laid before the Provincial Government yesterday by Mrs. James Gray, president, and a delegation of eleven members of the executive of the W.C.T.U., following an annual convention completed here earlier in the week.

Mrs. James Gray, president; Mrs. James Lade, first vice-president; Mrs. D. M. Mackay, and eight other members of the executive made representations to Premier Pattullo at a special audience arranged by the Government in the afternoon. Mrs. Mackay acted as spokeswoman, presenting the seal of the association previously passed at the convention.

A third resolution, dealing with a request for prohibition of the manufacture of alcoholic beverages in Canada during wartime, will be forwarded to the Dominion Government, it was announced.

Court of Appeal Victoria Sittings

DesBrisay et al. (A) vs. Canadian Government Merchant Marine et al. (R).—Judgment was reserved in this case at the conclusion of argument by counsel yesterday morning.

In closing the case for DesBrisay & Company, R. L. Matland, K.C., contended that the steamship company had not discharged the onus of showing that even if fire precautions had been taken, the goods would still have been destroyed. Counsel for both parties, at the suggestion of the Chief Justice, will submit in writing lists of American cases relevant to the subject of dual occupation of premises by owner and contractor.

City of Victoria (A) vs. Municipality of Oak Bay (R).—Counsel spoke to the question of costs yesterday morning in this water rights action brought by the city against the Corporation of Oak Bay.

H. A. Maclean, K.C., for the city, contended the appeal had been confined to the question of costs of the Corporation of Oak Bay that the price of water should be settled by the water commissioner. He said appeal on that counter-claim had been decided in favor of the city, and the city was, therefore, entitled to its costs.

C. H. Locke, K.C., for the corporation, contended the counter-claim went much further than a mere question of rates, but examined the whole question of obligation to supply and accept water. The corporation had claimed their obligation to accept city water was governed solely by the Oak Bay Act of 1911, and were successful in this argument both in the court below and on appeal. The corporation, therefore, was entitled to the larger share of costs; but since the city had the labor of preparing appeal books, he suggested no costs at all be awarded. Mr. Locke

further suggested that nothing should be allowed either side for costs on the counter-claim in the court below, since the argument there had been a short one on points of law alone.

The court stated a decision would be handed down next Tuesday.

Don Ingram, Ltd. (A) vs. General Securities, Ltd. (R).—Ingram was a dealer in automobiles and handled the Studebaker agency in the city of Vancouver. The General Securities Company, a finance company, was organized to finance the wholesale and retail distribution of automobiles. In addition to financing Ingram's purchase of cars for resale in Vancouver, they financed some of the retail purchases from Ingram. Each time Ingram required more cars, he only ordered from the Studebaker factory after securing the approval of the finance company. The company refused to finance a particular shipment of cars, and Ingram, in consequence thereof, had to relinquish the Studebaker agency. He sued for breach of an alleged contract to finance the shipment, and recovered judgment for \$5,000 in the Supreme Court.

Alfred Bull, K.C., for the finance company, said they did not dispute the contract had been broken, but contended only nominal damages should be awarded for its breach. The damages did not flow from Ingram's own lack of credit. He could readily have secured money in time to get the cars, had he been worthy of the credit. Even if the judge were right in giving damages, still the damages awarded were excessive because too remote. This was a special contract and the possibility of such damages as occurred could not have been in the contemplation of the parties when they made the contract.

This case will continue on Monday.

Alfred Bull, K.C., for appellant; C. H. Locke, K.C., and T. E. Ellis for respondent.

FORM OAKLANDS RED CROSS UNIT

Over Fifty Women Register for
Service—Sewing Work to
Begin Next Month

More than fifty women registered for service when a Red Cross unit was formed at an enthusiastic meeting in the Oaklands School auditorium yesterday afternoon. There was an attendance of about seventy-five persons at the meeting, and it is anticipated that the enrollment will be greatly increased in the near future, as the organization work proceeds.

The Oaklands unit was officially formed after an explanation of Red Cross war work had been given by Miss E. Frances Fitz Gibbon, Victoria district supervisor. The unit was sponsored by the Oaklands P.T.A., the officers of which will act as officers of the Red Cross organization. Mrs. R. H. McInnes was named convener for the district.

It was announced that sewing work would begin in October, and that an earlier start would be made on knitting, if the necessary wool were available.

What Today Means

"LIBRA"
If September 23 is your birthday, the best hours for you on this date are from 9:30 to 11:30 a.m.; from 1:30 to 3:30 p.m., and from 7:30 to 9:30 p.m. The danger periods are from 7:30 to 9:30 a.m.; from 5:30 to 7:30 p.m., and from 9:30 to 11:30 p.m.

If September 23 is the anniversary of your birth, you were born under the Zodiacal sign Libra. Mentally alert and very observant, there is very little that goes on that you do not grasp the import of and see what is, or who is, back of it. Your sense of justice, of proportion, and of rational behavior, should be well-developed, and recognized by your friends. You probably are blessed with a good disposition, and are innately fine, polite, and accomplished in more than one artistic line of

endeavor. You ought to be a good fighter whenever principle is involved in a dispute. Your feelings are, perhaps, too easily hurt, and an excess of pride may often cause you to take offense when no affront has been intended in the comments or remarks that upset your equilibrium. You are apt to be a music and nature lover. Peaceful surroundings appeal to you, and unseemly noises are likely to distract you. If either number of a married, engaged or courting couples is a Libra, it might

be well to remember that Opal and Sardonyx are their birth stones, and that the nuptialium, violet, golden-roses and fougere are among the flowers that are the Libra's natural affinities. If a woman and September 23 is your birthday, your favorite colors ought to be crimson or indigo blue. You should find Friday always a very lucky day. You need plenty of social diversion, providing, however, it does not interfere with your getting a sufficient amount of sleep

You ought never to place yourself under any obligation that you do not feel certain you will be able to discharge. If you do not train yourself to do things in a systematic manner there is danger of your contracting the habit of doing things in a slipshod fashion. You might make a fine librarian, lecturer, musician, singer or singing teacher, actress, artist or sales agent. You seem due to have a very happy home life, especially if you marry the man of your choice.

The child born on September 23 has generally a carefree, happy disposition, with a degree of recklessness that endears it to its young companions. If carried to excess some of its youthful virtues can develop into maturity's faults. Parental control and guidance is essential for this youngster's future success. If a man and September 23 is your natal day, with little trouble you can be a very agreeable, popular person, much sought after, and

greatly beloved by your friends. As a financier, promoter, politician, or contact man, doctor, lawyer, actor, chemist, dentist, tailor, author, lumber man, sales representative, engineer or inventor you may find yourself in an enviable position and with plenty of money.

Protests Gas Tax
CALGARY, Sept. 22 (AP)—The Calgary Board of Trade has announced that it will protest to the Federal Government against imposition of the 8 per cent tax on natural gas used for domestic purposes.
